Motor vehicle environmental
protection information with
vehicle list

(Phase VI, China)

Zhejiang Haoqing Automobile Manufacturing Co., LTD

Information disclosure number:

CN QQ G6 Z20159000121000001

VIN: LB37822Z6PB002578

Zhejiang Haoqing Automobile Manufacturing Co., Ltd. Statement: This list is the environmental information of motor vehicles disclosed by our company in accordance with the "Air Pollution Prevention and Control Law of the Peoples Republic of China" and relevant regulations of the Ministry of Ecology and Environment. Our company is responsible for the truthfulness, accuracy, timeliness, and completeness of all content in this list. Our company commits: The light-duty gasoline vehicles with VIN codes (see barcode on the cover) comply with the "Emission Limits and Measurement Methods for Pollutants from Light-Duty Vehicles (China Stage VI)" (GB 18352.6-2016)b phase, PN meets 6.0×10^{11} per km, RDE meets the limit requirements, and meet the relevant requirements of the "Emission Limits and Measurement Methods for Pollutants from Gasoline Vehicles (Dual Idle Speed Method and Simplified Operating Conditions)" (GB 18285) and the "Limit Values and Measurement Methods for Off-Road Noise from Accelerating Vehicles" (GB 1495). Additionally, they meet the environmental protection durability requirement of 200,000 kilometers as stipulated by relevant standards.

Part one vehicle information

01 Vehicle model: HQ6471 D02

02 Trademark: Geely

03 Car classification: M1

04 Emission stage: National 6

Identification method and location of model 05: Identification method: Nameplate location: below the B-pillar on the right side of the body

06 Vehicle manufacturer name: Zhejiang Haoqing Automobile Manufacturing Co., LTD

07 Production plant address: No.9 Fengming Street, Fanxi Town, High-tech Development Zone, Baoji City, Shaanxi Province

08 engine number: P2G00001499

09 Baseline mass: 1671kg

The second part examines information

Information on type 10 inspection

The test results of the standard testing institution

GB 18352.6-2016 Testing Center of China Automotive Engineering Research Institute Co., LTD. / National compliance
Vehicle Quality Inspection and Testing Center (Chongqing)

GB1495-2002 China Automotive Engineering Research Institute Co., LTD. Testing Center/ National compliance
Vehicle Quality Inspection and Testing Center (Chongqing)

1. Inspection information of the first batch

Standard test results based on

GB18285-2018 Complies

12 For the environmental protection production consistency assurance plan and implementation of this model, please refer to the official website of our company and the information disclosure platform of the Ministry of Ecology and Environment (the website is attached). Part III Pollution control technology information

13 engine model/production enterprise: BHE15-EFZ/Aurora Bay Technology Co., LTD

14 CATALytic converter model/production enterprise: front: JL/ front: Wuxi Weifulida Catalytic purifier Co., LTD

Coating/carrier/package manufacturer: Front: Unit 1: Wuxi Weifulida Catalytic Purifier Co., LTD. / Front: Unit 1: NGK (Suzhou) Environmental protection ceramics

Company/Former: Wuxi Weifulida Catalytic Purifier Co., LTD

15 particle collector model/ manufacturer: JL/Hou: Wuxi Weifulida Catalytic purifier Co., LTD

Coating/carrier/package manufacturer: After: Unit 1: Wuxi Weifulida Catalytic Purifier Co., LTD. / After: Unit 1: NGK (Suzhou) Environmental protection ceramics

Company / Post: Wuxi Weifulida Catalytic Purifier Co., LTD

16 carbon tank model/production enterprise: GL1700/Tianjin Green Lifefu New Technology Co., LTD

17 Oxygen sensor model/manufacturer: Front oxygen: LSU 5.2/ rear oxygen: OXS-BBA/ front oxygen: United Automotive Electronics Co., LTD. / rear oxygen: United Automotive Electronics Co., LTD

18 Crankcase emission control device model/production enterprise: GL/Ningbo Shuangchi Electronics Co., LTD

19EGR model/manufacturer: none

20 OBD system supplier: United Automotive Electronics Co., LTD

21 ECU model/ manufacturer: MG 1 US708/ United Automotive Electronics Co., LTD

Transmission type/number of gears: automatic/7

muffler model/ manufacturer: front: P1MF11/back: P1MR11/ front: Shaanxi Oulun Xigongmao Co., LTD. / back: Shaanxi Oulun Xigongmao Co., LTD

XT60/ Chengdu Xilin Power Technology Co., LTD

24 Turbocharger

25 Medium cooler type: air-air

Part four: manufacturer/importer information

Legal representative: Pan Julin

27 Address: No.88 Jili Avenue, New Headmen Port, Linhai City, Taizhou City, Zhejiang Province

28 Contact number: 400-886-9888

The contents of this list and the relevant information of permanent identification of pollution control devices can be found on the official website of the enterprise (under construction) and the Environmental Protection Information Disclosure Platform for Motor Vehicles and Non-Road Mobile Machinery of the Ministry of Ecology and Environment (<http://www.vecc.org.cn>).

Vehicle production date: January
07, 2023
